Instructor: Mr. Burns
Email: dburns@isd2071.k12.mn.us

Room Number: 325

Course Description:

In these courses, students will develop reasoning and problem solving skills as they study topics such as congruence and similarity, and apply properties of lines, triangles, quadrilaterals, and circles. Students will also develop problem-solving skills by using length, perimeter, area, circumference, surface area, and volume to solve real-world problems.

Grading Policies:

- Tests and/or quizzes are given typically at the middle and/or end of each chapter.
- Most homework will be scored.

Technology:

Chromebooks will be allowed for use to take notes. We will also use them on occasion to aid a lesson. We will frequently have IXL assignments. You will need to know your login. Phones **MUST** be placed on the counter at the beginning of the hour. If you are using your phone during a lesson, it will be taken. During tests or quizzes, Chromebooks and phones will not be allowed as calculators! **NO EXCEPTIONS!**
